Wholesale Arrests to Be Made in Many Cities Today on Warrants Charging Lever Act Violations

ACCUSED TAKEN FOR ARRAIGNMENT

WASHINGTON, April 15.—Arrest of leaders of the "outlaw" railroad strike may be expected in many cities before night, C. E. Ames, assistant attorney-general, indicated today. Following the news that thirty Chicago leaders had been taken into custody, Ames said that he expected by arresting thirty of the strike leaders in Chicago—the pivotal point of the strike throughout the country. Among those arrested was John Grunard, president of the yardmen's association and the chief figure in the national strike.

Meanwhile the Senate was in executive session, considering confirmation of the railroad labor board, according to the terms of the Lever Act. The arrests probably will be made under the criminal section of the Lever Act, and the number may reach more than 350, it was believed here.

The "outlaw" strike of yardmen and switchmen received its greatest blow today when the Brotherhood of Locomotive Engineers' local announced as a result of a vote last night in San Francisco, that its members would continue at work regardless of the outcome of the strike.

Other developments in the situation today include the addition of twenty men to the forces of the Southern Pacific and the declaration by that company that it will, in no event, deal with the "outlaw" organization. Officials say that, ex-

South, the situation is much improved and that normal service has been restored between many points, particularly Sacramento and Portland. A few men are out at Dunsmuir but at Gerber and Ashland full sized crews are at work.

The strikers are preparing to

that the cost of the takeover, the transfer of the assets of the Brotherhood of Railway Trainmen. At the same time, International Vice-President J. A. Anderson has announced that many of the members who show their loyalty are seeking individual transfer to other, friendly, organizations.

The Contra Costa Labor Council last night voted its support to the striking switchmen. Members of the organization on strike have issued a denial that there is any T. W. influence in their action. "We hope to create one general railroad organization but we are entirely op-

Allies Tie Up 192,000 Tons of German Ships

PARIS, April 15.—The council of ambassadors today received the report of naval experts concerning the German floating dock tonnage to be handed over in compensation for the scuttling of the German fleet at Scapa Flow. It developed that a total of 192,000 tons of this material had been discovered by the commission. A basis for the distribution of this tonnage among the allies was adopted.

Palmer Says Walkout of Rail Men Part of Red Plot

WASHINGTON, April 15.—The government waited today to learn whether Attorney General Palmer's charge that the nation-wide railway strike was organized by the I. W. W. would induce the workers to repudiate their leadership and return to their jobs.

Palmer charged William Z. Foster, who organized the steel strike, turned his attention to the railroad situation immediately after that strike ended. He charged Foster was working for the I. W. W. and the Communist international, which seek the overthrow of the United States government through force and violence. He made public letters and documents to support this charge.

Palmer and his associates believed the men who walked out upon learning of the justice department's exposure of their leaders as revolutionists, will feel they have been betrayed and that speedy collapse of the strike will follow.

REVOLUT DATA READ

In summing up his conclusion the attorney-general said the evidence showed conclusively:

That the present railroad workers' strike is directed and organized by the Communist international, the Communist international of Russia, I. W. W. leaders and other radicals pledged to the cause of overthrowing the existing order in America and throughout the world and the ultimate triumph of Communist government.

That the I. W. W. in America had actually become affiliated with the Communist international and pledged itself to the overthrow of the American Federation of Labor, the establishment of the one big union and the promotion of the revolutionary class struggle.

That plans of the same leaders are already laid for similar strikes in other industries and that for some time May 1 next has been fixed as a day for a general uprising of the workers.

ONE BIG UNION AID

That William Z. Foster, radical agitator and leader of the late ineffective steel strike, with Carl F. P. A. T. Reese and other radical leaders engaged immediately after the collapse of the steel strike in promoting the present railroad strike for the basic purpose of destroying the railroad brotherhoods, establishment of the one big union and advancing the revolutionary cause generally.

That behind the scenes in the conflict appear the interests of leaders of the Communist international in Europe and the influence of Ludwig Martens, self-styled soviet ambassador to the United States, now the subject of deportation proceedings, a letter having been found from the chairman of the Communist international conference to Martens regarding him of his loyalty to the Communist cause.

After he had described the situation to the cabinet early in the day, Attorney General Palmer summoned newspaper men to his office and discussed the motives behind the strike, making public a voluminous file of documents which he maintained had direct bearing on the case. At the conclusion of his presentation of the case Palmer said:

COMMUNIST PROGRAM.
 I think it highly important that not only the country, but the men on strike themselves, should understand what is behind this strike, what are its purposes and the ultimate goal sought.

In a word this strike is the latest and largest manifestation of the working out of the program of the Communist international of Europe, whose purpose is to capture industry and political power of government to establish a dictatorship of leaders of the proletariat and to bring about ultimate triumph in this country of chaotic conditions existing in Russia.

Our investigation into conditions in the steel and coal mines, and the leadership of the I. W. W. in the United States, acting directly as a part of the Communist party of America, and affiliated with the full program of the Communist international, railroad workers have been fed into this so-called unauthorized strike.

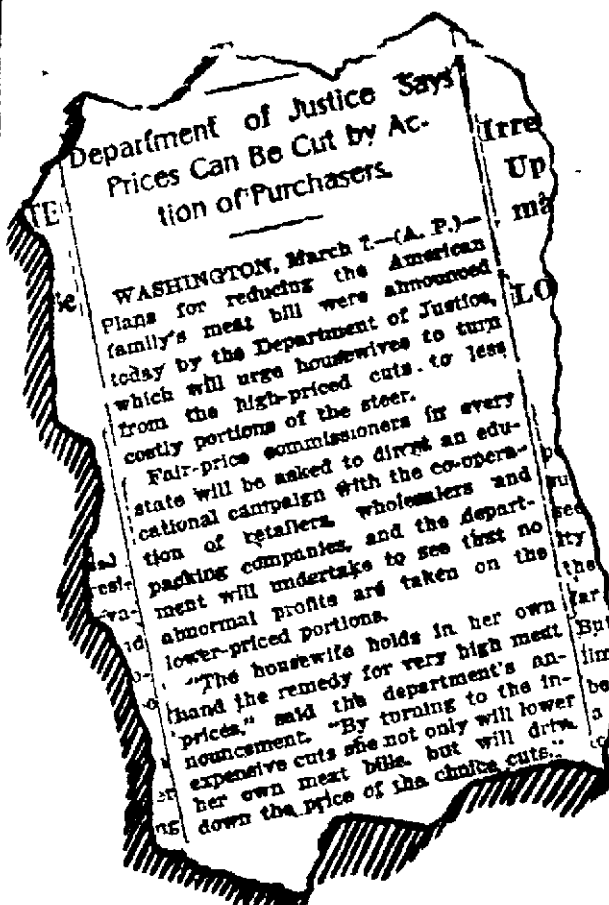

I am taking one important step right now. I am telling the people of the country about it. The next step awaits the reception which the truth gets from the railroad workers, a majority of whom I believe to be loyal, patriotic Americans.

FOSTER IS LOCATED.

PITTSBURGH, Pa., April 15.—W. S. Foster, leader of the late steel strike, at his home here today said that he had only been out of Pittsburgh once in four months, said Foster. My time is taken up these days writing a book on the steel strike. I may have something to say about the statements made in Washington later but not now.

STARVED MUSCLES CAUSE LUMBAGO

Pains in the back are very often due to undernourished muscles. The muscles that are used most are generally those that are first to cry out in pain. Lumbago and rheumatism are two very common diseases that attack muscles that are not getting needed food because the blood is impoverished.

The result of the use of the right tonic in a case of lumbago is illustrated by the experience of Mr. James Knolly, of No. 432 Garden avenue, Butte, Montana.

"As a result of exposure to severe weather while in a run-down condition, I developed lumbago in the small of my back," says Mr. Knolly. "The pain gradually extended to my legs and became very severe. When I attempted to step over a curb, anything up the pain was so great I could hardly straighten up again. I couldn't sleep well and was losing strength and energy rapidly."

"Dr. Williams' Pink Pills had been used in my family for thirty-five years, though I had never before had any need for the remedy. I decided to give the pills a trial and they more than fulfilled my expectations. In a few days the pain became less acute and finally disappeared entirely. I continued taking Dr. Williams' Pink Pills until I had built up a reserve of strength and haven't been bothered with lumbago since. I have so much confidence in the remedy that I have recommended it to several of my friends."

Dr. Williams' Pink Pills are sold by all druggists, or direct from the Dr. Williams Medicine Co., Schenectady, N. Y., at 60 cents per box, postpaid. Write today for a copy of the free booklet, "Building Up the Blood."—Advertisement.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid soap; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Advertisement.

WOMEN NEED SWAMP ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained from any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Oakland Tribune.—Advertisement.

MANY TO SHARE HOWLAND ESTATE

Final distribution has been ordered in the million dollar trust estate of Sylvia Ann Howland of New Bedford, Mass., and among the beneficiaries there are a number of Oakland and Berkeley residents who will soon receive their money. Sylvia Ann Howland died in 1885 and left bequeathed half of her estate to public and private sources and the other half was placed in trust for her heirs, the Howland family.

The Oakland beneficiaries are: Mrs. Fred L. Burton, \$50,000; Mrs. James H. Hubbert, \$50,000; and Benjamin L. Charles, Jr., Edward S. Henry, T. and Wesley P. Howland and Mrs. Charles S. Warren, \$50,000 each.

Berkeley beneficiaries are: Mrs. William Leacock and Mrs. William Fennell, \$50,000 each. Lucius H. Norris of Piedmont will receive \$201,250.

Community Service Campaign Is Pushed

The "Flying Squadron" of Oakland Federated Community Service is abroad today. A fleet of autos, each carrying a team of fair workers is soliciting funds in all parts of the city. These funds will go to swell the total of \$5,000 drive of the organization. The drive concludes Saturday night and indications are that it will require the utmost effort of every volunteer worker to make it a success.

Perry Burlingame, Howard Messenger, Miss Edith Woodward, Mrs. J. H. Page and Mrs. J. Bennett are captains of the auto squads and it is expected that before the conclusion of the afternoon they will have visited every important industry in Oakland.

Suite Homes and Their Romance

Few young couples in the Big City of Bluff began their married existence with greater promise of happiness than did Mr. and Mrs. Claude Turpin. They felt no especial animosity toward each other; they were comfortably established in a handsome apartment house that had a name and accommodations like those of a sleeping car; they were living as expensively as the couple on the next floor above who had twice their income; and their marriage had occurred on a wager a ferryboat and first acquaintance, thus securing a sensational newspaper notice with their names attached to pictures of the Queen of Hearts and Mr. S. S. S.

Turpin's income was two hundred dollars per month. One day, after calculating the amounts due for rent, instalments on furniture and piano, gas and bills owed to the florist, confectioner, milliner, tailor, wine merchant and cab company, the Turpins would find that they had two hundred dollars left to spend. How to do this is one of the secrets of metropolitan life.

The domestic life of the Turpins was a beautiful one to see. But you couldn't gaze upon it as you could at an elegiac of "Don't Wake Grandma" or "Brooklyn by Moonlight."

You had to blink when you looked at it; and you heard a fizzling sound just like the machine with a "scope" at the end of it. Yes; there was much to be seen of the Turpin's domestic life. It was something like "Spearhead" in the Columbia River, or "Japanese Artillery" in action.

Every day was just like another; as the days are in New York. In the morning Turpin would take broom-seller, his pocket change from the clock, his hat, no broom, fast and his departure for the office. At noon Mrs. Turpin would get out of bed and humor, put on a kimono, and the water to boil for coffee.

Turpin lunched downtown. He came home at 6 to dress for dinner. They always dined out. They stayed from the chop-house to chop-suey, from chop-suey to table d'hôte, from table d'hôte to roadhouse, from cafe to casino, from Maria's to the Martha Washington. Such is domestic life in the great city.

One day the middle-aged, big tree bears date. Your household gods are Mercury and John Howard Payne. For the wedding march you now hear only "Come with the Clays" Bride. You rarely due at the same place twice in succession. You tire of the food; and, besides, you want to give them time for the question of that silver silver sugar bowl to blow over.

The Turpins were therefore happy. They made many warm and delightful friends, some of whom they remembered the next day. Their home life was an ideal one, according to the rules and regulations of the Book of Bluff.

There came a time when it dawned upon Turpin that his wife was getting away with too much money. If you belong to the near-swell class in the Big City, your income is two hundred dollars per month, and you find at the end of the month, after looking over the bills for current expenses, that you, yourself, have spent one hundred and fifty, you are actually wondering what has become of the other fifty dollars. So you suspect your wife. And perhaps you give her a hint that something needs explanation.

"Watch your wife. She is blowing in your money secretly. I was a sufferer just as you are. The place is No. 345 Blank street. A word to the wise, etc."

Turpin took his letter to the captain of police of the precinct that he lived in.

"My precinct is as clean as a hound's tooth," said the captain. "The lid's shut down as close there as it is over the eye of a villainous burglar when she's kissed at a party. But if you think there's anything queer at the address, I'll go there with you."

On the next afternoon at 3, Turpin and the captain went to the stairs of No. 345 Blank street. A dozen plain-clothes men, dressed in full police uniforms, so as to attract suspicion, waited in the hall below. At the top of the stairs was a door, which was found to be locked. The captain took a key from his pocket and unlocked it. The two men entered.

They found themselves in a large room, occupied by twenty or twenty-five elegantly clothed ladies. Racing charts hung against the walls, a checker checked in one corner, and a telephone receiver to the ear, a man was calling out the various positions of the horses in a very exciting race. The occupants of the room looked up at the intruders, but as they were given to more than 200 persons living in the districts of Excelsior Heights, Lakeshore Heights and East Piedmont Heights. The new service began the first of the week, and the new carline affords one of the most scenic rides to be found around the Eastbay district.

not dropping anything on the ponies. There must be something queer going on here."

"Nothing but Browning," said the captain. "Hear that?"

"Thanatopsis by a nose," drawled the man at the telephone.

"That's not Browning; that's Longfellow," said Turpin, who sometimes read books.

"Back to the pasture!" exclaimed the captain. "Longfellow made the pacing-to-wagon record of 1:25 'way back in 1858."

"I believe there's something queer about this joint," repeated Turpin. "I don't see it," said the captain.

"I know it looks like a poolroom, all right," persisted Turpin. "But that's all a blind. Vivien has been dropping a lot of coin somewhere. I believe there's some underhanded work going on here."

A number of racing sheets were tucked close together, covering a large space on one of the walls. Turpin, suspicious, tore several of them down. A door, previously hidden, was revealed. Turpin placed an ear to the crack and listened intently. He heard the soft hum of many voices, low and guarded laughter, and a sharp, metallic clicking and scraping as if from a multitude of feet.

"My but busy objects," he murmured, half sobbingly, as the moonlight drifted through the open window, glorifying her sweet, upturned face. "I know I done wrong. I will never touch her again. I forgot you were not a millionaire. I used to go there every day. But today I felt some strange, sad presentiment of evil, and I was not myself. I ate only eleven saucers."

"Say no more," said Claude, gently as he fondly caressed her waving curls.

"And you are sure that you fully forgive me?" asked Vivien, gazing at him intently with dewy eyes of heavenly blue.

"Almost sure, little one," answered Claude, stooping and lightly kissing her hair and forehead with his lips. "I'll let you know later on. I've got a month's salary down on Vivia to win the 3-year-old stakechase tomorrow, and if the ice-cream hunch is to the good you are it again—see."

Police Searching For Escaped Leper

Harry Pradee, a leper who has been confined at the Alameda County Hospital and who claimed to have a cure for the disease, has taken French leave from his quarters, and the police of all the Eastbay cities have been asked to seek him.

Saturday evening he told a nurse he was going to take some medicine and did not want to be disturbed early in the morning for breakfast. About noon his quarters were visited and it was found that he had disappeared.

New Car Service Helps 2000 Persons

With the extension of the Trestle Glen carline from Lakeshore avenue to one mile up Trestle Glen by the San Francisco-Oakland Terminal Railway, new car service has been given to more than 2000 persons living in the districts of Excelsior Heights, Fourth avenue, Crocker Heights, Lakeshore Heights and East Piedmont Heights. ASK THE TRIBUNE

A Department of Questions and Answers

Questions pertaining to the application of the law to specific cases, such as collection of damages, divorce, probate and property rights, will not be answered in these columns.

Editor The TRIBUNE: I have a husband and small child. I do not expect to survive my father, through whom I will inherit money or property. Will you kindly tell me whether I can will it to a sister and my husband merely by stating the will on paper and signing my name? What proceeding is correct under the circumstances?—OLD SUBSCRIBER.

If you do not survive your father you cannot inherit his property or money. It would go to his heirs and assigns automatically. You cannot will away money or property that is not as yet yours. If you should survive your father and inherit his estate then you would be free to will it to any one or a number of your relatives.

Editor The TRIBUNE: Is Montana giving a bonus to her ex-service men and what is it?—SUBSCRIBER.

No. Montana is not giving a cash bonus. Legislation is now under way, however, which, if passed, will provide for a land settlement benefit. Details on the plan are not yet complete.

Editor The TRIBUNE: Do you know of any gymnasium in Oakland where a professional boxer could work out at night? Where does George Sharkey live?—SUBSCRIBER.

Three training gymnasiums are: Wixon's at 1403 Thirty-fourth street; Surf Beach in Alameda, and Tommy Simpson's at 1794 Seventh street. George Sharkey lives in San Francisco.

Editor The TRIBUNE: Will you kindly tell me the address of Dr. Leonard K. Hirschberg and also whether he will answer a question or not?—SUBSCRIBER.

Dr. Hirschberg will answer questions addressed to him in care of The TRIBUNE office.

Editor The TRIBUNE: Can a girl 16 get married without parents' consent?—M. H.

No.

Editor The TRIBUNE: Will you tell me what to write and where to get movie actresses' pictures?—A LITTLE GIRL.

It is merely necessary to write to the motion picture studio where an actress is employed asking for her picture and giving your own address. A list of studio addresses can be secured at the public library.

Editor The TRIBUNE: What is the best method to make inquiries as to whether a person still lives in another city and if they have moved, when and where?—SUBSCRIBER.

The postmaster of the city will tell you if the person is receiving mail through the postoffice. If the person owns property the city tax collector will tell you his present address. In the public library or at police headquarters you may consult city directories of the larger cities, and if this gives no result a letter to the directory publisher in the city will usually bring the information.

Editor The TRIBUNE: Kindly tell me how you can remove ink stains from aingham dress?—SUBSCRIBER.

A commonly used method is to wash the dress well in salt water. Place the stained portion over a pan in such a way that milk, preferably cream, can be soaked through it for about half an hour. Then wash the dress with soap and water.

Editor The TRIBUNE: Has Nevada any soldier bonus provision?—SUBSCRIBER.

No. There is one pending in the State Legislature now.

Editor The TRIBUNE: I maintain a residence in Oakland for myself and one in the country for my wife. Is it illegal for me to take wife from my city residence to my country residence where my wife resides?—SUBSCRIBER.

Under a recent ruling you are allowed to transport liquor from one residence to another by permit from Frank Silva, commissioner of prohibition, who has offices in San Francisco.

Editor The TRIBUNE: Would you kindly tell me where there is a second-hand bookstore where I can sell old books?—JEWIS.

De Witt & Snelling, Telegraph avenue near Sixteenth street; Hardy's Bookstore, Broadway between Ninth and Tenth streets; Clarence Rowell, Eighth street between Broadway and Washington streets.

Women Favor Amendment to Prison Statute

By EDNA B. KINARD

There is not nor has ever been a feminine member of the Prison Commission in California. The women of the State are discussing legislation which would make obligatory the presence of representatives of their sex on each and every commission which the official body which has to do with the control of State institutions for the confinement of offenders is one in which they desire to exercise a voice. Statistics show that the permanent prison population in California is approximately 7000. Those under sentence are not all men. The women declare that for the sake of their sisters who come within the punishment of the law they should have something to say as to their housing, their opportunities and every-day life.

No woman who has not been committed has ever penetrated to the women's quarters at San Quentin, save perhaps one. Mrs. Anna Saylor, a teacher, was privileged to enter the prison for a short time on account of good or bad the civic workers do not assert. What they do want is a chance to have a supervision and care over the State prisoners who are women. It is not idle curiosity or prying which is prompting them.

When the organizations within the ranks of the Women's Legislative Council cast their ballots in the referendum which will determine the subject for the three bills which take before the 1921 session of the legislature, the proposed bill which deals with the presence of a woman on all commissions will be seriously considered, especially from an angle of the Board of Prison Directors.

THE PROPER WAY TO TAKE ASPIRIN

First See That the Tablets You Take Are Marked With the "Bayer Cross."

The Bayer Company, who introduced Aspirin, tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drunk after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuritis, Lumbago, Rheumatism, Neuritis and Pain generally. Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monacettaidester of Salicylic acid.—Advertisement.

The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave the organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

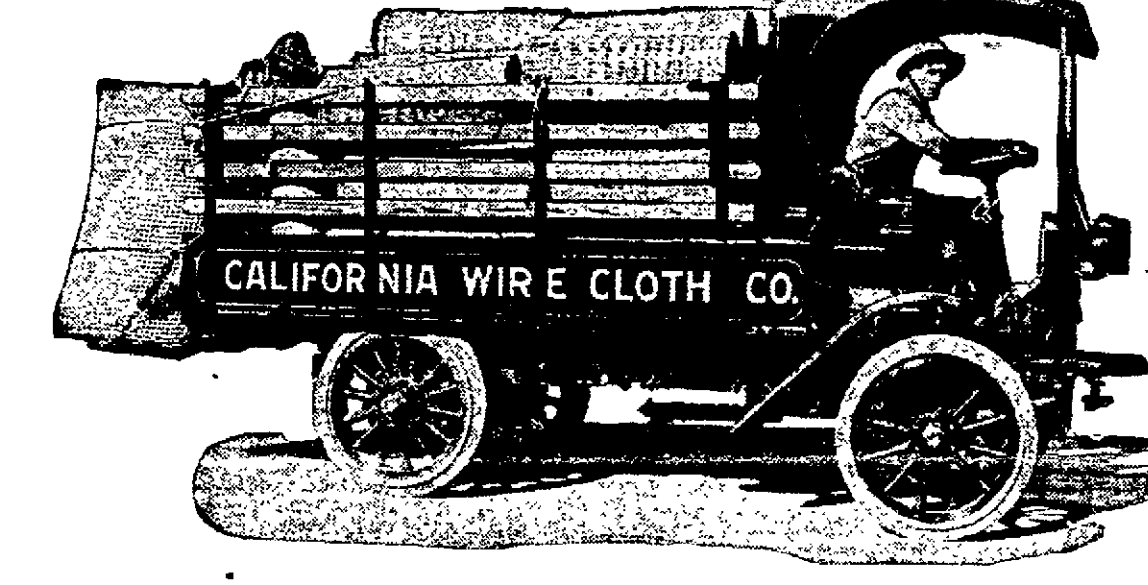

Nightly applications of Vick's VapoRub may help nature to complete the process of repair. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, at the throat the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

DETROIT, Mich., April 15.—The Detroit Free Press announced today that beginning Monday, April 19, its selling price would be increased to three cents a copy. The present price is two cents.

POLICEWOMAN NAMED

ALAMEDA, April 15.—Mrs. Arline Vaughan has been appointed Alameda policewoman to take charge of all police work connected with girls and children and to be on duty Saturdays and Sundays at the local beaches. Mrs. Vaughan has had training in welfare work as welfare supervisor for the telephone company in Los Angeles. She starts Saturday. If a tryout proves satisfactory the office of policewoman will be made a part of the police department.

Three Civilians Slain, Nine Hurt In Irish Rioting

BY UNITED PRESS
DUBLIN, April 15.—Three civilians were killed and nine wounded in clashes today between police and hooligans in Dublin.

At Reiska, near Thurles, police fired into a mob of hooligans. More than 100 persons were arrested in raids in Dublin.

One hundred and four hooligans were arrested in a raid on Mount Joy prison up to 4 o'clock p. m.

JUDGE ACCEPTS AUTOIST'S WORD FOR HIS SPEED

BERKELEY, April 15.—Because neither Detective A. S. J. Woods of the Berkeley police department nor Earl B. Kishy, auto salesman of 1439 Oak street, Oakland, had a speedometer on their machines, the latter escaped a jail sentence this morning in Judge Edgar's Court.

According to Woods, the arresting officer, Kishy was going 25 miles an hour along Grove street. Kishy claimed a speed of 27 miles.

The judge compromised by imposing a \$7 fine on the defendant, taking the latter's word in view of the uncertainty of the evidence.

Census Reflects Great War and Influenza Wave

WASHINGTON, April 15.—A review of the population figures of the 48 states and towns thus far announced was made public today by the census bureau. Comparative figures for 428 of these places in the last two decades show a decline of 6.5 per cent in the percentage of increase from 1910 to 1920, as compared with the 28.4 per cent gain during the preceding decade. The remaining twenty-one places represent cities or towns which were not existing as separate communities in 1910.

And including yesterday's review showed an aggregate population of 10,058,815, an increase of 1,750,472 over 1910, or 21.9 per cent.

Falling off in the percentage of increase for the places announced was largely due to the check on immigration which resulted from the world war, said Director Rogers of the bureau. Total immigration to the United States for the last ten years showed a decrease of 3,364,000. The recent influenza epidemic also probably had some effect in retarding the natural increase of population, Rogers said.

Comin's Event

(For tonight's and tomorrow's events see What Is Doing column on editorial page.)

The Third United States Coast Artillery band has been engaged by the music and dramatic committee of the University of California to give a series of six concerts in the Greek Theater, commencing May 15. The concerts will be given each Saturday night during that period.

The Mayo Men's Association is to hold an Irish-American reunion and carnival at Shellmound Park on May 22. All of the Irish societies of the Bay district are to participate.

An old-time farm social is to be held tonight at the Oakland Y. M. C. A. and federal vocation students will be the guests of honor. Motion pictures of the inter-allied games will be shown.

Miss College girls will aid in the program at the Y. M. C. A. tomorrow. In addition to the regular act the girls will put on several short plays. The proceeds from the show will go to the college's \$2,000,000 endowment fund.

The annual ball of the Alameda County Theatrical Federation will be held on the night of April 22 in Wigwam Hall, Sixteenth and Jefferson streets.

The Ladies Auxiliary of the Health Club will give a whist party Monday evening in Pythian Castle, Twelfth and Alice streets. Mrs. Vera Evans is in charge.

The fourth annual Easter week entertainment and dance of the St. Patrick's Alliance, America, will be held Tuesday evening, April 20, at Jenny Lind Hall, Telegraph avenue and Twenty-second street. Eugene Dolan is chairman of the arrangements committee.

Down-stairs Section 4500 Smocks at \$1.95

A sale made possible by a special purchase of slightly imperfect garments at a great concession—had they been perfect and bought at the regular factory quotations they would have to bring \$2.95 to \$3.95 each.

Yet the imperfections are so slight as to be scarcely noticeable, and do not impair their wearing quality or smart appearance.

75 styles to select from, several are pictured, many are on display in the Sutter St. windows, below the entrance.

Well made of voile, Rami cloth, crash, beach cloth and drill, white, tan, Copenhagen, rose, new blue, castor—artfully hand-embroidered in self tones or contrasting shades.

Smocks which button down the front or on the shoulder—others in "middy" styles—collarless or with roll, novelty or large flat collars—box-pleated or plain fronts—kimono, set-in or long sleeves.

Just the type of garment now in great favor for sports, vacation, and general informal wear—truly remarkable values considering the present retail price of fabrics of the quality used.

Children's sizes, 8 to 14 years—
Women's and misses' sizes, from 16 to 44.

Mrs. Margaret Balch Is Dead in Berkeley

BERKELEY, April 15.—Mrs. Margaret R. Balch who came to California in 1865, died last night at the home of her daughter, Mrs. W. H. LaBarre, 2201 Glen avenue.

Mrs. Balch left New York when that city was draped with mourning for the death of Lincoln, and made the journey by way of the Isthmus of Panama to San Francisco, where she resided for many years.

Northern California, remaining in the State since that time.

She resided for a number of years in Pacific Grove. Surviving her are two daughters, Mrs. LaBarre and Mrs. Carl G. Henry of San Francisco and a son, Henry Balch of Berkeley.

Funeral services will be conducted at 2 o'clock tomorrow afternoon in the chapel of the Oakland crematorium.

Auto Strikes Train, Occupants Escape

BERKELEY, April 15.—A. T. Joell, tailor of 2025 Shattuck avenue, and an unknown woman companion escaped injury last evening when the coupe in which they were riding skidded into an electric train at Ellsworth street and Dwight way. The machine was badly damaged. Joell, who was driving the machine, refused to give the police the name of his companion.

SUITS FOR DAMAGES.
Alleging that E. Antoni kept the sidewalk in front of property owned by him on Grove between Fort-sixth and Forty-seventh streets in such poor repair, although notified by the city of its condition, that she fell and fractured her leg besides straining her back, Georganna A. Kennedy, a housekeeper and nurse, has filed suit for \$215 damages.

DON'T BLOW UP YOUR HOUSE
In Order To Remove Grease Spots, Klenzol Is Safe
Gasoline is a splendid substance to remove grease spots but it is a mighty dangerous thing to use a round the house. Gasoline is explosive and its fumes are poisonous. We have a splendid remover called Klenzol that removes grease even more readily than gasoline. Klenzol is absolutely safe. It is non-inflammable and there is no danger in using it anywhere. Klenzol can be used upon the finest laces and other materials of a similar nature and we feel certain that if you ever tried a bottle you will never have anything else in the house for grease-removing purposes. 25c and 50c a bottle.

EXTRA FINE COOKING EXTRACTS
Lemon, Vanilla, Nutmeg, Cloves, Allspice, Etc.
If you are interested in cooking, you will be interested in knowing that we sell about the best lemon and vanilla extract that can be made. This extract is manufactured in our own laboratories from the finest material obtainable and is so much superior to the ordinary kind that you will wonder how you ever got along with the cheaper grades. We also carry a full line of Squibbs' spices, such as pepper, nutmeg, cloves, etc. If you prefer to use the best of everything in your culinary department, you will be delighted with the extracts obtainable at Bowman's.

AUTO-STROP RAZORS
Said to be the only self-stropping razor in the world. This feature gives you a new edge for each shave. 500 shaves guaranteed from every blade. Easily adjustable for light, medium or close shave. These blades improve daily instead of losing their edge as other safety razor blades do. Auto Strop Razors—\$5.00. Auto Strop Blades—\$1.00 a dozen. Auto Strop Strops—50c each. Full assortment of all Auto Strop Safety Razor Company's supplies at our 13th and Broadway store.

A FINE POISON. OAK REMEDY
This is the time of year to look out for poison-oak and if you wish to avoid being poisoned, the best thing to do that we know of is to cover your face and hands with Taylor's Poison Oak Lotion before you start out where poison oak abounds. If you neglect this precautionary measure and are so unfortunate as to get poison oak, then the best thing for you to do is to use the same remedy as a cure. We have been selling Taylor's Poison Oak Lotion and Salve for a great many years and are firmly convinced that it is the best article of its kind we have ever had upon our counters. We recommend this remedy highly and advise all of our customers to try it if they are troubled with poison oak. It is a sure cure for you to still remember that when our fathers bought them in the pioneer days.

A PREVENTATIVE OF SUNBURN
Now that the fruit trees are in blossom and the country is in its most attractive form, you will probably be taking auto trips to distant points. These trips are always hard on the complexion, especially during the period of the cutting winds of April and May. Unless you anticipate the effects of Spring time weather upon your complexion by the use of an appropriate face cream, you will soon have a rough, tanned skin that will take you a long time to cure. We believe and most of those who have tried it agree with us that Bowman's Benzoin Cream is by far the best preparation for the purpose. Benzoin Cream is essentially a preservative of sunburn, chapped skin, etc., and should always be used before subjecting your complexion to the weather. Ladies who use Benzoin

MR. ARGENTINE ANT IS GOING TO CALL SOON
Are You Ready to Receive Him And All His Relatives
You can expect, most any day, to have your house infested with a swarm of Argentine Ants. This is the time of year when they make their first appearance and they are waiting now to come out of their nests in your garden upon the first warm day. As is the case with practically all pests of this nature, the best way to control them is to kill them off early in the season if you can. This can be successfully accomplished by the proper use of Argo Ant Poison, which we sell at our stores at the present time at 25c a bottle. This poison is placed upon sponges which are put into especially made containers which should be scattered around the garden. One of our customers who has used Argo Ant Poison as directed and who clean out their containers every few weeks, have had practically no trouble with ants since. Those who do not follow directions and scatter this poison in the wrong manner have not been successful with it and, naturally, cannot expect to accomplish their desire unless they use the poison as it should be used. Argo Ant Poison should never be used in the house under any circumstances as it attracts ants. The sponges in the container can be cleaned at least once a month as the poison does not attract the ants unless it is fairly fresh. It takes at least 8 or 10 containers for an ordinary house. We sell these containers for 25c each. This method of destroying ants is exceedingly simple and is the method advised by both Government and University authorities. Ants of course we carry all kinds of face creams and tell you we have the best thing we sell, and make statements regarding it. We of course we carry all kinds of face creams and tell you we have the best thing we sell, and make statements regarding it. We of course we carry all kinds of face creams and tell you we have the best thing we sell, and make statements regarding it.

VETERANS PLAN REUNION HERE

The veterans of the war with Spain and the Philippine insurrection living in California and Nevada will meet in Oakland for a three-day convention, beginning May 2. As veterans they will celebrate their twenty-first birthday. This year and the seventh anniversary of the founding of the order. Five hundred delegates from J. T. CURTIN all the camps in California and Nevada will attend and there will be a much larger number of visitors and veterans who will take advantage of the special railroad rates and come to Oakland, not as delegates, but as visitors to the encampment.

There will also be a large number of delegates to the Ladies' Auxiliary of the Spanish War Veterans, who will hold their annual election and convention at the same time as the veterans. About seventy-five of those who will attend the convention are also members of the American Legion, having fought again in the world war.

The coming of the convention to Oakland this year means that San Francisco will be the department headquarters for next year, the present headquarters being at Los Angeles, the candidate for department commander being Louis C. Weissbach of San Francisco, who is now senior vice-commander. J. T. Curtin of Los Angeles is the present department commander.

An elaborate program is being arranged and there will be much to occupy the time of the delegates outside of their regular business sessions.

May Festivals Are Planned by Schools

For the past ten years the annual May festivals of the Recreation Department have been in the nature of enormous fairs in which all the playgrounds and schools of the city have taken part. Instead of the city-wide participation in one festival there will be numerous smaller neighborhood fests given on the various playgrounds this year. There will be no costuming in these smaller fests.

Programs have been started by: Bella Vista, May 1; Peralta and Bushrod, at Bushrod, April 29; Cole and Tompkins at de Fremont, May 1; Emerson and Durant, at Mosswood, May 1; Cleveland and Franklin at Park Boulevard, April 30; Clawson at Poplar, April 30; Elmhurst, April 30; Garfield, Lazaar, at Hawthorne, April 30; Prescott, April 30, and Melrose and Lafayette with dates not yet determined.

Family Accompanies Auto Bandit to 'Job'

SAN FRANCISCO, April 15.—Introducing the motor bandit who fares forth with the wife and family.

Hagan Hammen, shipyard worker, was confronted last night by a man who alighted from an automobile and leveled a revolver at him. Hammen stepped out and extracted \$175 and a gold watch from his pockets, said the victim. While the holdup was in progress, according to Hammen's report, a lady began "squealing" in the crowd car.

"I remarked to him, 'you must have the family along tonight,'" asserted Hammen, "but he got mad; told me to 'shut up,' and then drove away."

Bill Raiser Makes Two Look Like Ten

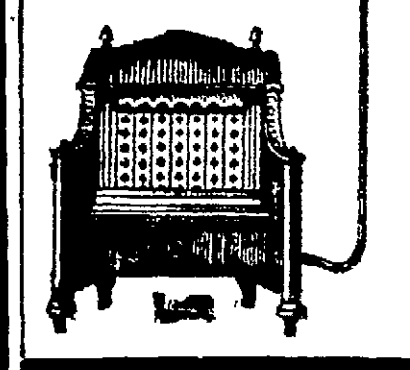

Police are searching today for a crook who last night passed several raised bills on Oakland merchants. In each case the currency he tendered in payment for a small purchase was a \$2 bill raised to \$10. The change in the bills can not be detected unless they are carefully scrutinized. Among his victims yesterday was J. H. Schleuter, grocer at 3898 Foothill boulevard.

DRIVER ARRESTED ON TWO CHARGES

BERKELEY, April 15.—Following an accident in which he struck and seriously injured Jack Smith, 27 years old, of 556 Eighth street, Oakland, Albert W. Brown, Oakland pipefitter, was placed under arrest this morning on a double charge of driving without an operator's license and passing a street car on the wrong side.

Smith, who, with other workmen, had alighted from a San Pablo avenue car at Camella street shortly after 7 o'clock this morning when struck by Brown's car, is at Roosevelt hospital, suffering from a fractured left hip and leg, lacerations of the scalp and probable concussion of the brain. His condition is serious.

Brown was on his way to the California Ink Works, Third and Camella streets, where he is employed, at the time of the accident and had crossed the street in front of the car when struck by Brown's car.

Brown was on his way to the Pullman shops in Stege, having several other workmen in the car with him. He resides at 217 Poplar street, Oakland.

Husband Is Failure, Claim; Gets Divorce

When Mrs. Edna Lual went to a walk with her sister, her husband, George Lual, declared she had been to meet another man, according to her testimony before Judge J. J. Trabucco, who granted her an interlocutory decree of divorce.

The three principals chiefly concerned in the case are Inspector Sanderson, Mrs. Manuel Souza, 922 Twenty-sixth avenue, and her 16-year-old son, Joaquin.

The boy is held by the Los Angeles police as a runaway. Inspector Sanderson has pledged himself to the anxious mother to have the boy at the San Francisco pier at noon Saturday in time to embark with her and his younger brothers and sisters for Honolulu.

Mrs. Souza's husband has a position in the Hawaiian islands as overseer of a plantation. Two weeks ago he sent for his family. But the eldest boy ran away and was picked up by the Los Angeles police last night. The mother offered to pay an officer's expenses. Sanderson was detailed to bring back the boy.

Hoover War Helper To Address Meeting

ALAMEDA, April 15.—The Alameda Hoover Club will hold a rally in Natividad hall, Central avenue and Park, next Saturday night. Among the speakers will be Captain T. C. Gregory, who was in the same office with Hoover before the war and who was called from his military duties by Hoover to assist in the world food operations. The other principal speaker will be Mrs. Clara B. Burdette of Pasadena, widow of the late Robert Burdette. Leo Robinson is president of the club and Joseph Thompson secretary.

Investors Warned on Craven Oil Stock

Commissioner of Corporations E. C. Bellows, in an official statement today, warned investors that stock in the Craven Oil and Refining Company is being offered in violation of the California corporate securities law.

Mr. Bellows declared that the Craven Oil and Refining Company has no permit to sell or offer shares for sale in California. Every offer is a violation of the law, he says.

Wedding Party in Auto Hits Cable Car; Six Are Injured

SAN FRANCISCO, April 15.—Six persons were injured, five of them women, when an automobile collided with a Jackson street cable car at the Steiner street car stop early today.

All of the persons injured are prominent socially and were returning to their homes after attending the wedding of E. L. Bosqui, president of the Bosqui Printing company, who last night married Mrs. Cora P. Baker, at her home, 2701 Pacific avenue.

Those injured were: **EDWARD BOSQUI**, Bosqui Printing company, cut about face and neck, fractured ribs; **MRS. A. G. TREAT**, Sausalito, cut by flying glass and suffering internal injuries; **MISS LAURA TREAT**, bruised; **MRS. C. B. SPINNEY**, 2765 Fulton street, internal injuries; **MISS HELEN SPINNEY**, cut by flying glass.

The younger Bosqui had as passengers in his machine Mrs. Treat of Sausalito, her daughter Laura, and Mrs. Spinney and her two daughters, Helen and Edith. Bosqui told the police that he did not see the cable car in time to prevent a head-on crash.

Mrs. Parry Evans, 35 McCoppin street, and Mrs. Adeline Malone, 323 McCoppin street, last night were struck by a jitney bus while crossing Market street near Eighth. Edward Parant, 55 Fifth street, driver of the car, took the blame and was treated for cuts and bruises.

REDWOOD CITY, April 15.—A war on reckless driving on the state highway will follow instructions sent out yesterday by the Supervisors to all traffic officers to arrest any and all violators of the traffic laws.

POLICEMAN RAGES TO UNITE FAMILY

A three-cornered race against time from Oakland to Los Angeles and from that city back to San Francisco was begun this morning by Police Inspector A. H. Sanderson.

The three principals chiefly concerned in the case are Inspector Sanderson, Mrs. Manuel Souza, 922 Twenty-sixth avenue, and her 16-year-old son, Joaquin.

The boy is held by the Los Angeles police as a runaway. Inspector Sanderson has pledged himself to the anxious mother to have the boy at the San Francisco pier at noon Saturday in time to embark with her and his younger brothers and sisters for Honolulu.

Mrs. Souza's husband has a position in the Hawaiian islands as overseer of a plantation. Two weeks ago he sent for his family. But the eldest boy ran away and was picked up by the Los Angeles police last night. The mother offered to pay an officer's expenses. Sanderson was detailed to bring back the boy.

Autoist Volunteers to Educate Speed Squad

Raymond Kitchener, printer, this morning announced his intention of renting a room at the Hotel Oakland and opening a school for the education of Oakland traffic policemen.

Kitchener was arrested several weeks ago for speeding by Policeman S. S. Britt. This morning he tried to show that a conspiracy existed against him, but Judge Samuels overruled the argument. He then endeavored to show that the police traffic department had no authority to regulate traffic or establish speed zones. But the judge ruled that it was the province of the bench to interpret the law. Kitchener asked for more time to produce legal precedents, and the case was continued until April 22.

COMMENCEMENT PLANS ARRANGED

BERKELEY, April 15.—Plans for Senior Week activities have been completed by the graduating class of the university. They will open with a banquet on May 1. The men's affair will be held in the mining building and C. S. Edwards will act as toast master. The women's banquet will be at Hotel Oakland. On the following evening members of the class will present the senior extravaganza, "Here's How," written by W. A. Brower.

Sunday will mark the deliverance of the baccalaureate sermon at the Greek theater. On Monday the Senior Pilgrimage will take place, and at the various prominent points on the campus student speakers will address the graduates. A twenty-piece band will accompany the seniors on the tour of the campus. The activities of the week will be concluded on Tuesday with the formal commencement exercises and the distribution of diplomas.

Police Tell of Raid in Syndicalist Trial

Captain of Police Charles H. Rock and Patrolman J. J. Fitzgerald were called as witnesses today by J. H. Dolan, defendant, on the charge of criminal syndicalism, in an endeavor to prove that the police department made no effort to prevent the raid made upon Loring hall, Berkeley, on November 3, by American Legion men and others.

Captain Rock said he had been informed by the desk sergeant that trouble was expected by the hall and he had given instructions to have Patrolman Fitzgerald, who was on the beat to watch the hall. On returning from supper, Rock said, he learned that the raid had taken place and that a squad of men headed by Sergeant A. B. Smith had been despatched to the scene.

Fitzgerald testified he had received instructions to watch the hall, but had not been present at the raid.

Divorce Blame Put Upon Mother-in-Law

A mother-in-law who "choked" him and influenced his wife to neglect the household and to have his son, Garrett, aged 4, to call her father "Papa" and him by his first name, is given the blame for his matrimonial troubles by Harry J. Stahmer, a clerk employed by the San Francisco Savings and Loan Society in San Francisco, who filed suit for divorce today against Winifred Stahmer of Palo Alto.

Stahmer asks for custody of the child and the household property, consisting of household furniture, utensils and a 1919 Buick in each home.

Correspondent to Speak Miss Alice Riggs Hunt, newspaper correspondent at the peace conference, will speak in Oakland Saturday evening at the Machine hall, Eleventh and Clay streets, at a public meeting under the auspices of the Labor Defense League. Her subject will be the "Meaning of Europe's Labor Trouble."

Huirt Prey List Is Found; Martinez Death Clew Sent

LOS ANGELES, April 15.—A further search of the effects of Charles N. Huirt, known as Andrew J. Huirt, Watson and man, other aliases, alleged bigamist, murderer, robber, confidence man and "fence," now in the county hospital here suffering from self-inflicted wounds, two attempts at suicide, today revealed a list containing twenty-five additional names of women Huirt is believed to have considered prospective prey.

Huirt is accredited with approximately twenty-five wives, many of whom have mysteriously disappeared.

Having discovered Huirt's true identity, the police today began the task of tracing his movements since his first marriage fifteen years ago. J. F. Warren, chief of police at Seattle, wired Sheriff Clyde that he believed the body of a woman found at Plum Station, Washington, on July last, would prove to be that of Mrs. Bertha Goodrich, who is said to have married Huirt June 3 last year, while he was using the name of H. I. Gordon. The bloodstained fur which was found in one of Huirt's rooms is believed to be the property of Mrs. Goodrich.

TRAIL LEADS TO MEXICO
The police declare that at least one of Huirt's wives have been victims of foul play. In addition to these seven others are missing. Searching of Mexican records is being made in an effort to find several of these women who disappeared on trips to Mexico.

Other developments were the discovery, in storage of a lot of furs, furs and wearing apparel believed to have been the property of Nina Lee Delaney, who is missing. The goods were shipped here from Europe, Mon. last November, and were by "C. N. Harvey."

Sheriff Clyde here also was notified by Chief J. F. Warren of the Seattle police force, that the latter had located property in Seattle covered by claim checks found on Huirt at the time of his arrest, the checks covering some household effects and numerous women's photographs, the household goods believed to have been the property of Alice Ludvigson, another missing wife.

Wife Charges Her Husband Was Cruel

Mrs. Mabel Colwell, told Judge T. W. Harris today in her suit for divorce, that her husband, John Colwell, who is proprietor of a restaurant at 1736 Alameda avenue, Berkeley, wanted her to work in his restaurant in the day time and do washing at night. "I'll kill you before I will lose you," she declared was one of his common remarks.

Colwell denied all of her charges, insisted he had been generous with her and said he allowed her to wear his diamonds and his bracelet watch. He also said he had helped to support her sister, brother-in-law, father and mother, and had paid for their railway fare to various parts of the country.

ELECTION WAYS OF STUDENTS TO BE INVESTIGATED

BERKELEY, April 15.—Election methods for student officers will be investigated by the students' advisory committee of the university as a result of accusations of "mud slinging" made by candidates for the office of Blue and Gold editor named today. Four students were nominated for the office and the resulting close contest caused caustic personalities to be exchanged, the committee members assert.

The upshot of the affair has caused the committee to call before it the candidates, and also the "manager" of one of the candidates for investigation.

BUD RIDLEY GIVES BATTING VIERRA A BOXING LESSON

COAST LEAGUE CLUBS ARE ATTACHING STRINGS TO YOUNGSTERS SENT TO OTHER LEAGUES

NORTHWESTERN BOY DEFEATS LOCAL LAD AT HIS OWN GAME

One Zimmerman Boy Loses to Garcia and the Other Is Ordered From the Ring.

By BOB SHAND.

Bud Ridley, claimant of the Pacific Coast bantamweight championship, made his debut as a featherweight at the auditorium last night and displayed oodles of class. Ridley was boxed some nice battles here and across the bay, but he never did a more artistic job than last night when he not only out-boxed Battling Vierra, but challenged the Battler to his own game—slugging—and beat him at that also. "Class" hung out all over Ridley last night. He had everything.

The boy from the northwest started to give Vierra a boxing lesson in the first round and he kept up the best stuff in the second. In the third Vierra was noted as a slugger, started to tear and Ridley, who was expected to back up or side-step, did neither. He stood toe to toe with his heavy opponent, taking advantage of his own game. There never was a minute when Vierra was not coming but neither was there a second when Ridley was not picking him with his left hand or shooting in with his right. A few rapid body punches to his own game. There never was a minute when Vierra was not coming but neither was there a second when Ridley was not picking him with his left hand or shooting in with his right. Frankie Jones Gives Away Some Weight.

Frankie Jones was outwitted some fifteen pounds by Lee Anderson, but he held the colored boy to a draw. Anderson got along nicely for a couple of rounds, taking advantage of his superior weight, but Jones got wise to the lay-out in the third and in the last pair of sessions, Frankie made Anderson miss repeatedly, made him miss so badly that the colored lad put clear around several times while winning as well as Frankie. Jones, that Anderson is a tough bird to beat. Battling Ortega, whom Lee Anderson had to make a whirlwind finish in the fourth round to take the decision from Ted Merdeth, was even up at the end of the third, but the fight from Alameda put on a fight in the fourth round and in the last pair of sessions, Jones did not compare with the ending of their first scrap last week, as they got into action in the third round, hanging a million, more or less, weight swipes on the chin. The last round was another thriller, but Ketchikan had a big enough edge at the finish to warrant the judges deciding in his favor.

Jack McMillan gave away weight to Neal Zimmerman and won the verdict on his showing in the last round when he had the Portland boy in a bad way. Zimmerman carried the fight to the former amateur champion, who was even up at the end of the third, but Garcia took the play away from the northwest kid in the last round and had him wobbly at the finish.

Preliminary Boys Chased From Ring.

The other Zimmerman boy, Earl, did not fare so well as he and Mickey. Zimmerman was chased from the ring in the second round of what was supposed to be a fight. The kids were scared to death of each other and ran backwards faster than Red Hatters ever did. Dorney seemed to be hunting for the gate and when he caught it, he put a two-step around the ring. Zimmerman put after him but refused to lead or follow.

Jack McMillan gave Tom Morton a boxing lesson and Tom was lucky to last the limit. Jack dropped his left for six in a pair of rounds, but of bounding in the middle of the out. Morton is still very confident.

Champion Reds Annex Victory In the Opener

NEW YORK, April 15.—The 1920 season has been launched successfully and the pennant races in the major leagues are on in full swing today. Fourteen of the sixteen big league clubs exhibited themselves before a total of upwards of 100,000 spectators in the opening games of the season. The Chicago White Sox, who are in the lead, won their first game by a score of 10-0 over the Cleveland Indians, favorites at-large to win the American pennant, shortly after their victory over 1919, and the Cleveland Indians, favorites at-large to win the American pennant, shortly after their victory over 1919, and the Cleveland Indians, favorites at-large to win the American pennant, shortly after their victory over 1919.

The initial efforts of the Giants and Yankees were steeped in gloom, but Yankee fans were not discouraged by the news that Frank Baker, erstwhile home run king, probably will be seen in a New York uniform within a week. Baker heard the call of the diamond at his home in Trappe, Md., yesterday and got into telephone communication with Manager Hughson. He will confer with Hughson in Philadelphia today and it is predicted here that he will return to play third base, his long-time position.

WALTER CHRISIE'S ATHLETES ON EDGE FOR CARDINAL MEET

Pesky Sprout Picked to Win for U. C. in Mile—Kirksey Is Stanford Favorite.

By DOUG MONTELL

UNIVERSITY OF CALIFORNIA, April 15.—Time again comes when, according to time honored custom, it becomes necessary to set forth the respective merits of Stanford and California track teams, usually with an indication of the prospective result. It is needless to say that seldom is the forecasted result lived up to either in part or in whole, and after figuring out the meet last year and now looking back on the actual results, we are more firmly resolved than ever that doping track meets is a superman task. Nevertheless, we are willing to set forth the claims of the two respective sides and strike a happy average and call that the outcome, further than that it is impossible to go.

In stating that California's chances to win from Stanford this year are slight, we are not giving the edge to Stanford. It is a matter of fact that Stanford has a very strong team, but California has a very strong team as well. The race is a close one.

TIGERS EVEN ON SERIES WITH ANGELS

LOS ANGELES, April 15.—The Vernon Tigers evened up on their series with the Angels by taking yesterday's game by a 5 to 2 score. Willie Mitchell was too much for the Angel batters and let them down with five hits. Schultz, Pettica and Brown were unable to keep the Tigers from getting off to an early start. The Angels tried hard to stage a rally in the ninth. Mitchell helped win his own game by getting three hits. Fisher of the Tigers hit a home double and single. Chadbourne of the same club got three hits.

BASEBALL LUNCHEON CALLED OFF TODAY ON ACCOUNT OF RAIN

Young Ballplayers Breaking Into Professional Game Nowadays Are Treated Good.

By EDDIE MURPHY.

A Rain today put the crusher on the opening day festivities arranged in honor of the Oaks. The committee in charge of the celebration will meet tonight to discuss the matter of holding the celebration next Thursday.

The calling off of today's game means that the owners of the Oakland and San Francisco clubs will think for a long time of the thousands of dollars the rain yesterday and today has beaten them out of. There is no denying that the Oakland ball park would have been packed to capacity this afternoon had it not rained. For Secretary Herbert McFarlin had disposed of every reserved seat, while the spirit of the fans around told the rest of the truth. Not since the Oaks copied the pennant in 1915 have local fans had more reason to want to get out and honor their team than they had today.

The big luncheon planned at the Hotel Oakland was also called off. Next week the Oaks will be here to meet the Oaks, and Frank Woodward, chairman of the Chamber of Commerce sports committee, plans to have some little celebration in honor of the Oaks, who have started off in the pennant fight this season with a bang. But that celebration next Thursday cannot bring back the thousands of dollars lost through today's game being called off.

This week figured to be one of the biggest in the history of Coast League baseball around the bay with the Oaks and Seals meeting in the series and the Oaks being off to a grand start. The turnout of the fans to see the Tigers and Seals play last Sunday morning was an indication that record crowds would be out this week. Bad weather greeted the Oaks and Seals in their first game Tuesday, and caused the attendance to fall below expectations. Then yesterday it rained, and it is feared that record crowds will be out this week. The Oaks and Seals are to be congratulated for their first game Tuesday, and caused the attendance to fall below expectations.

The Oakland Lions, Rotary, Elks and several other clubs are again ready to surround Frank Woodward to boost next Thursday for a big day for the Oaks, but Frank has not yet decided what will be done. The Berkeley Lions have also told Frank they will get behind him in anything he plans to honor the Oaks. The Lions of Berkeley call the Oaks their home town team.

A Rain today put the crusher on the opening day festivities arranged in honor of the Oaks. The committee in charge of the celebration will meet tonight to discuss the matter of holding the celebration next Thursday.

The calling off of today's game means that the owners of the Oakland and San Francisco clubs will think for a long time of the thousands of dollars the rain yesterday and today has beaten them out of. There is no denying that the Oakland ball park would have been packed to capacity this afternoon had it not rained. For Secretary Herbert McFarlin had disposed of every reserved seat, while the spirit of the fans around told the rest of the truth. Not since the Oaks copied the pennant in 1915 have local fans had more reason to want to get out and honor their team than they had today.

The big luncheon planned at the Hotel Oakland was also called off. Next week the Oaks will be here to meet the Oaks, and Frank Woodward, chairman of the Chamber of Commerce sports committee, plans to have some little celebration in honor of the Oaks, who have started off in the pennant fight this season with a bang. But that celebration next Thursday cannot bring back the thousands of dollars lost through today's game being called off.

This week figured to be one of the biggest in the history of Coast League baseball around the bay with the Oaks and Seals meeting in the series and the Oaks being off to a grand start. The turnout of the fans to see the Tigers and Seals play last Sunday morning was an indication that record crowds would be out this week. Bad weather greeted the Oaks and Seals in their first game Tuesday, and caused the attendance to fall below expectations. Then yesterday it rained, and it is feared that record crowds will be out this week. The Oaks and Seals are to be congratulated for their first game Tuesday, and caused the attendance to fall below expectations.

"Smooth as silk, eh? —Same here"

—Chesterfield

TALK about a smooth, even-burning smoke, Chesterfields are all that and then some—never "miss," never fail to "satisfy." You never hear a "knock" on Chesterfields.

For Chesterfields are made of the real thing—genuine Turkish tobaccos, mind you, the pick of the crop, blended with the very choicest Domestic tobaccos that grow.

And what a blend! It actually brings out the hidden flavor of the leaf—a flavor you never guessed was there.

What's more, no other blend is like it, or can be, for the blend is our private formula—it can't be copied.

Lightly Filtered Tobacco Co.

And the flavor is sealed in by the extra, moisture-proof wrapper on every package.

Crockett with "intent to kill" for the
purpose of getting his clutches on
the fortune left by the mother.
Mrs. Crockett originally received
the bulk of the estate. A contest of
the will was delayed through the ab-
sence of Helen Kincaid, who had
left the state to see the estate. It
was scheduled to come up for trial
the day previous to the dancing mas-
ter's alleged assault upon Mrs.
Crockett.

Following the San Francisco hotel
girl's identification of Helen Kin-
caid as the woman who posed as the
wife of Timmer, the girl was turned
over to Mrs. Crockett and asked
her who the woman was.

"Helen Kincaid, my sister," was
the answer.

out in one eye and a sarcastic smile on his lips, former Premier Joseph Caillaux, accused of treason, listened calmly today while the defense attorneys made their case. The prosecutor concluded his summing up of the State's case.

The defendant interrupted the summation at several times and once he remarked:

"This is not a police court, but the Senate sitting as a high court of justice."

To continue took up Caillaux's South American trip, telling of his connections with Count James Mirocq. Then he discussed Caillaux's visit to the coast of Greenland. He declared that the Italian navy, which he said was the strongest, had claimed the case against the former premier, although he thought he would win on the other counts.

The prosecution may conclude its case tonight.
